- **Business Strategy**

- The strategy of Boardwalk REIT is:

- to be the best team
- to focus on acquiring, financing, developing, owning and managing quality multi-family rental properties
- to provide Unitholders with a stable and growing cash flow distribution

- Boardwalk REIT can best achieve its goals by strategically:

- maximizing Customer satisfaction by providing an above-average level of service and product with our exceptional team
- acquiring selected multi-family residential properties throughout Canada
- selling properties classified as 'held for resale' and reinvesting the sale proceeds back into new and existing properties
- enhancing property values through pro-active management and capital improvements
- managing capital prudently while maintaining a conservative financial structure
- pursuing opportunities to form selective partnerships or joint ventures

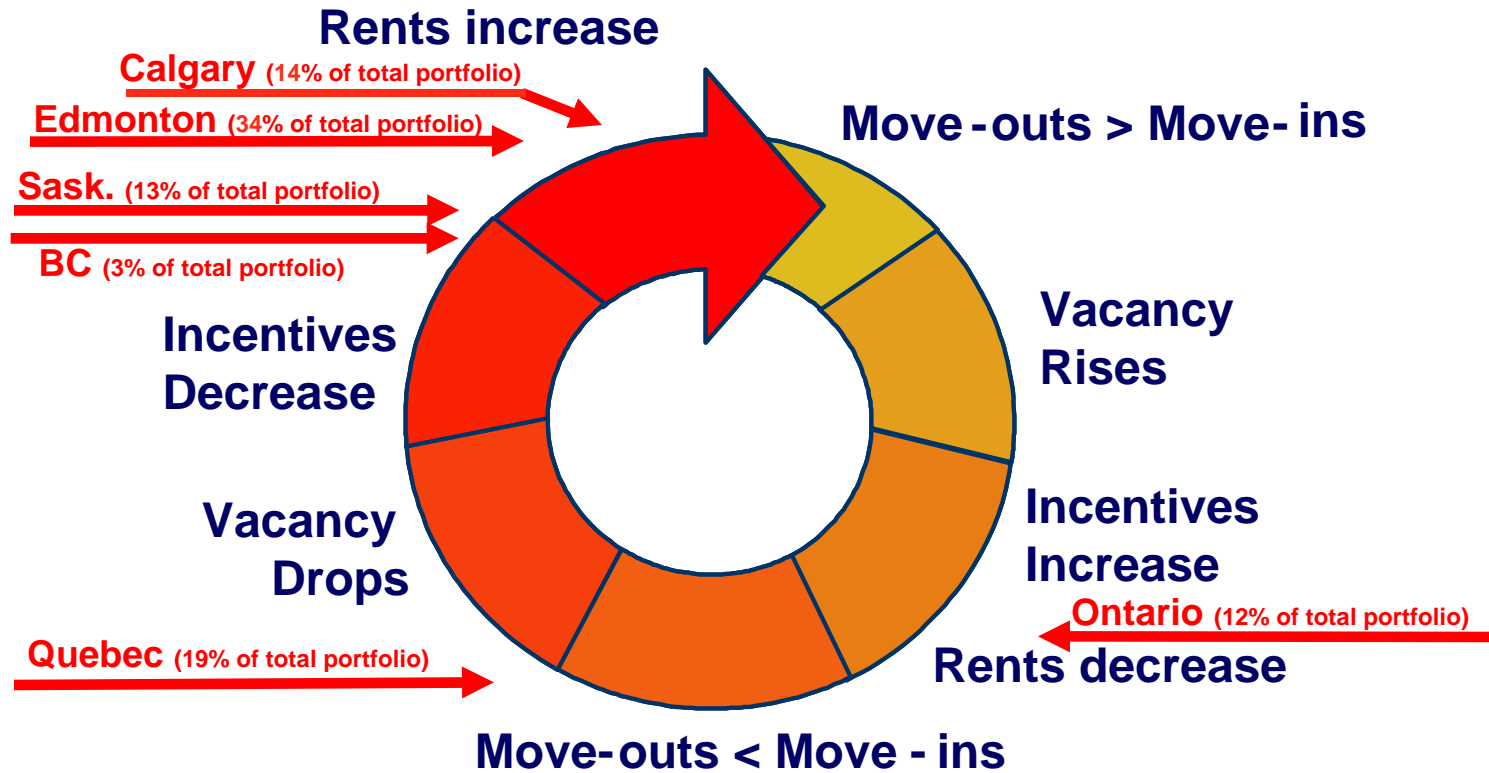

# Boardwalk REIT Overview

- Business Strategy (cont'd)
  - Boardwalk REIT will:
    - seek to capitalize on economies of scale derived from its substantial presence in Western Canada, as well as growing presence in Eastern Canada
    - focus on markets that are typified by strong economic outlook and relatively low vacancy rates
  - Due to Boardwalk's size and relationship with various commercial lenders and Canada Mortgage and Housing Corporation, financing for acquisitions can often be negotiated on favourable terms
    - As at September 30, 2008, approximately 98% of Boardwalk REIT's secured debt is NHA insured, thus virtually eliminating the risk of non-renewal

# Rental Revenue Cycle

# Trust Overview
